Passionate About Building Scalable AI-Driven Solutions That Solve Real-World Problems

PROFESSIONAL EXPERIENCE

COMMVAULT

Bengaluru, Karnataka

Software Engineer

Jul, 2024 - Present

Software Engineering Intern

Jan, 2024 - Jun, 2024

- Contributing to the AI team at Commvault, **building the AI ecosystem** by implementing features such as bot-based training, Graph RAG, an internal code review tool, a usefulness evaluation audit dashboard, and voice integration; currently focused on **improving Arlie**, Commvault's AI assistant.
- Automated and managed multiple **VM workload** test cases and worked on enhancement of an internal automation dashboard reducing manual QA efforts by **40%** and improving operational efficiency by **30%**.
- Developed and enhanced **customer-facing** reports for VSA workloads with features like undeleted snapshot tracking, helping reduce unnecessary storage costs and improve backup/restore **SLA visibility**.
- Validated **key projects** including Live Browse, vCloud to Azure VM conversion, etc. ensuring production reliability; also fixed multiple UI issues and executed complex manual test cases across three regression cycles.

HEYNOX

Remote

Software Developer

Oct, 2023 - Jan, 2024

- Contributed to the development and optimization of the backend architecture for HeyNox's next-gen personal assistant, significantly enhancing system **scalability and performance**.
- Refined **generative AI** capabilities to improve real-time data processing, enabling dynamic user interactions, while also **building core features** from scratch to establish a robust system foundation.

GOOGLE SUMMER OF CODE 2023

Remote

Full Stack App Developer

May, 2023 - August, 2023

- Engaged in the prestigious **GSoC program**, collaborating on **open-source** initiative and honing expertise in software development and project management. One among **967 contributors** accepted from **160 countries**.
- Worked for [AOSSIE](#) Organization to develop an open source social voice mobile platform using **Flutter**, NodeJs, Appwrite BaaS, Google Cloud and Livekit WebRTC Stack called [Resonate](#).

HIKIFY DIGITAL SOLUTIONS

Mysore, Karnataka

Founder & CEO

June, 2020 - June, 2023

- Founded and led an agency specializing in **digital marketing** and software **development** services, overseeing all operations, **project management**, and client relations, delivering solutions to over **100+ clients**.

EDUCATION

JSS Science and Technology University (Formerly SJCE), Mysore

2020-2024

Bachelor of Engineering, Computer Science – **9.3 CGPA**

Jawahar Navodaya Vidyalaya, Mysore

2013-2020

CBSE - PCMB - 95%

INVOLVEMENT

GOOGLE DEVELOPER STUDENT CLUB

JSSSTU, Mysore

Cyber Security Lead

2021-2024

- Facilitated 10+ events including Flutter Forward, Hacktoberfest, Explore ML, Git Set Code, Suttur Jatire etc.
- Responsible for **vulnerability assessment** of college projects - Reported **10+ critical** security issues.

NEW AGE INNOVATION NETWORK

SJCE, Mysore

Club Lead

2021-2022

- Led a team of 25 to conduct various events such as Innovathon, Ktech Innovation Hub Bootcamp, Talks etc.
- Coordinated in managing 10+ student projects funded up to **INR 3 Lakhs** by the **Government of Karnataka**.

Others - Technical Lead at Programming Community | [Engineering In Kannada](#) - **100k+** Youtube | Built **Two**

Startups - Pgfy & Motoride | **University Cricket** Team Member | U-19 National School Cricket **Team Captain** (NVS)

PROJECTS

- [Resonate](#) - **Google Summer of Code** - Flutter, NodeJS, Appwrite, Livekit
 - An open-source, social voice platform that promotes collaboration and community engagement with features like hosting discussions, audio room & management, random pair audio chat etc.
- [Paperswift](#) - **Question Paper Management System** - Python Django, REST API, Flutter
 - A Flutter app powered with Django REST API to manage question paper setter assignments.
 - Led system design, API development, and deployment for the whole project
- Other projects include [BunkWell Attendance Manager Mobile App](#) (**20k+ downloads**), [Employee Management App](#), [SMQ App](#), [Billmi Point-Of-Sales Application](#), [Home Automation System](#), [Health partner](#), [Safe Connect](#), [AudioRoom](#), [Linkedin Autotag](#), [Flutter UI Kit](#), AutoBlog, **30+ Freelance Projects** and more.

TECHNICAL SKILLS

- **Programming Languages & Technologies:** Python, C, Dart, JavaScript, Go, Flutter, Django REST Framework, FastAPI, Langchain, MySQL, Git & GitHub, Selenium, Arduino, Linux, Microsoft Azure
- **Tools & Concepts:** Web Application Security, Agentic AI, MCP | (**Core Strength: Quick Learner**)

ADDITIONAL INFORMATION

- **Hackathons/Competitions:** JP Morgan & Chase Co. Code for Good 2022 Winner, Hewlett Packard Enterprise SwarmIT Winner, Lingotran HackMitten Winner, VVCE Prayog Winner, Sahaj Software CTF Runner, **6x Winner** in coding events conducted by LCC, SJCE
- **Certifications:** [Microsoft Certified: Azure Fundamentals](#) | [Google SoC Completion](#)
- **Languages:** English (Professional), Kannada (Native), Hindi (Limited)
- **Interests:** Open-Source Software, Cricket, Teaching, Bug Bounty, Fitness
